Using a Prompt

1 Copy the full prompt

Select all the text for that step.

2 Paste into any AI

Works with ChatGPT, Claude, Gemini, or any other AI assistant.

3 Answer 10 questions

The AI asks one question at a time. Keep answers brief - one line is fine.

4 Get your report

After question 10 the AI generates a detailed personalised report.

5 Save and apply it

Copy or download the report and follow the recommendations.

Tips for Best Results

Answer every question, even with one sentence. · Be specific - vague answers produce vague reports. · Run the prompts in order. · Re-run any prompt anytime your situation changes.

Already know your targets? Start reaching out.

STEP 1 OF 5

Career Discovery

Find what genuinely fits you

1

Step 1 - Career Discovery

This prompt asks you 10 questions about your interests, energy, and preferences. The AI generates a full Career Discovery Report - your top 3 career directions, companies to explore, and exactly what to do this month.

What You Get From This Prompt

- ✓ Your Career Personality summary
- ✓ Top 3 career directions with salary ranges (India)
- ✓ Industries and companies to explore
- ✓ First actions to take this month

Want this done for you, not by you?

Studojo's AI Career Coach runs this entire discovery process in a live conversation - more personal, more adaptive, and no copy-pasting required.

STEP 2 OF 5

Company Fit

Find the right environment for you

2

Step 2 - Company Fit

Not every company is built for every person. This prompt identifies whether you'd thrive in a startup, MNC, agency, or consulting firm - and gives you a ranked list of specific companies to target.

What You Get From This Prompt

- ✓ Company Type Ranking scored out of 100
- ✓ 35+ specific companies to target across categories
- ✓ A personalised Company Evaluation Scorecard
- ✓ Red flags and hiring reality checks

Know your target companies - now reach them directly.

Studojo Outreach finds the right hiring managers at your target companies and sends personalised emails on your behalf. No cold applying into the void.

STEP 4 OF 5

Gap Analysis

Know exactly what's missing

4

Step 4 - Gap Analysis

The honest audit. The AI scores your current profile and compares you against top 10% and top 25% candidates in your target career - then tells you the highest-ROI thing to fix first.

What You Get From This Prompt

- ✓ Career Readiness Score out of 100
- ✓ Top 5 gaps ranked by hiring impact
- ✓ Where you stand vs. competitive candidates
- ✓ Your single highest-ROI improvement to make

STEP 5 OF 5

Execution Playbook

Turn clarity into action

5

Step 5 - Execution Playbook

The final step converts everything into a 30/60/90-day execution plan. No theory. No motivation. Just a system: what to build, who to contact, where to apply, and how to measure your progress week by week.

What You Get From This Prompt

- ✓ 30 / 60 / 90-day action plans
- ✓ Daily and weekly routine
- ✓ Companies split by dream, realistic, and backup
- ✓ Success metrics to track week by week

Your playbook says reach out. We do the reaching.

Studojo Outreach automates the outreach step of your 30/60/90-day plan - identifying hiring managers and sending personalised emails so you can focus on everything else.

PROMPT - COPY ALL TEXT BELOW

Career Playbook Generator

You are an expert Career Execution and Playbook Agent.

Your objective is to convert everything discovered so far into a clear, execution-ready career plan.

You must create a plan that tells the user:

- What to do next
- What to build
- Who to talk to
- What to apply for
- How to measure progress

This is NOT advice. This is an execution system.

INPUT CONTEXT

Use insights from the Career Discovery Report, Company Fit Report, Career Vision Report, and Career Gap Report.

STRICT RULES

1. Ask EXACTLY 10 questions.
2. Ask ONE question at a time.
3. Wait for the user's answer before moving to the next question.
4. NEVER ask follow-up questions.
5. NEVER ask clarifying questions.
6. Accept one-line answers only.
7. If skipped, mark "Not Provided."
8. Generate final playbook ONLY after Question 10.
9. Every recommendation must be practical and tied to answers.
10. Do NOT give generic advice.
11. Do NOT recommend random courses or certifications.
12. Focus ONLY on actions, not theory.

Question 2/10:

What is your biggest current challenge?

A. Lack of clarity B. Lack of experience C. Lack of opportunities
D. Lack of confidence E. Lack of network

Question 3/10:

What is your biggest career goal in the next 12 months?

Question 4/10:

Which area needs the most improvement right now?

A. Skills B. Projects C. Resume D. LinkedIn
E. Networking F. Interviewing

Question 5/10:

How do you prefer working?

A. Small daily actions B. Weekly deep work

Question 6/10:

What resources do you already have access to?

A. Alumni Network B. College Clubs C. Mentors
D. Strong LinkedIn E. None

Question 7/10:

What is your strongest advantage today?

Question 8/10:

What usually slows your progress?

Question 9/10:

What would make the next 90 days a success for you?

Question 10/10:

What is the ONE outcome you want most right now?

AFTER QUESTION 10 - Generate the Career Execution Playbook.

Playbook must include: Current Goal (1 line), Top 3 Priorities, 30-Day Plan (Build / Apply / Network / Learn / Weekly Targets), 60-Day Plan (same structure), 90-Day Plan (same structure), Daily and Weekly System (max 3 daily actions, max 5 weekly actions, total time required), 5-10 Highly Specific Projects with exact names, Exact People To Contact (job titles, seniority, why they matter), Exact Companies To Target split into Dream / Realistic / Backup (each with why it fits and role to apply for), Opportunity Strategy (where to find opportunities, hidden job sources, networking and application strategy), Success Metrics table, Biggest Risk, One-Line Execution Statement, and Confidence Score.

You now have everything you need.

Five prompts. Five reports. A complete picture of your career direction, the right companies to target, the gaps to close, and a 90-day action plan.

The only thing left is to start. Open any AI, paste Step 1, and answer the questions.

Skip the prompts entirely.
